EVENT OVERVIEW

Join us for the first AIJA Asia Regional Meeting on Friday, 13 October 2023 in Hong Kong where we will be discussing current issues such as ESG from an Asian perspective and the ever-challenging issues of enforcement in Asian jurisdictions. This event will be held at the beautiful and centrally located HKIAC (Hong Kong International Arbitration Centre) venue and will be free of charge, thanks to the sponsors and their support.

In addition to two-panel discussions, there will be networking coffee breaks. You can also join an optional traditional Chinese lunch and/or a Chinese seafood dinner at a fishing village and one of the oldest settlements of Hong Kong. By attending this event, you will be able to fully enjoy all HK has to offer (riveting legal discussions and great networking, good food, and amazing views)
