# Should I stay or should I go?
## Location and relocation of High-Net Worth Individuals

31 January - 5 February 2012

# Davos
### SWITZERLAND

## AIJA Ski-Seminar in Davos

Should I stay or should I go? Are you advising high net worth individuals who might or should contemplate the opportunity to relocate under "sunnier skies" or who actually made the move and changed residence to Monaco, Switzerland, the UK, Luxembourg or even more exotic places like China, Brazil or the UAE?

Time has come to test your knowledge of the tax and legal consequences of a change of residence in the presence of experts from more than ten countries, including the above, but also France, Belgium, the Netherlands, Italy, Sweden, Finland and Germany. Take advantage of this extraordinary scientific program, learn more about the matrimonial, succession, immigration, residency law issues, as well as taxation aspects of a relocation into one of the different jurisdictions.

The Private Clients, Immigration Law and the Tax Law Commissions have joined forces to offer you an exciting programme in one of Switzerland's prime ski resorts. You will reach the wonderful winter wonderland of Davos in only a one and a half hour car or public transport drive from Zurich airport. Next to the scientific work, you will have enough time to enjoy the various winter sports possibilities in one of the biggest snow sport region in the Alps. Grab your skis and join us for this great event!
